

CAVN Raw-Meat-Products Handout

[Download](#)

DISCLAIMERS: The above handout is applicable to the Canadian pet food industry and does **not** necessarily apply to other countries given each country has different pet food industry regulations.

The above handout is by **no means a guarantee** that pets and/or humans in contact with these pets and/or a pet's food, will or will not become ill.

Nutritional Assessment

In only 7-minutes this [video](#) produced by the [Canadian Veterinary Medical Association \(CVMA\)](#) demonstrates how easy it is to incorporate a nutritional assessment into the veterinary healthcare team's routine for every patient.

Call to Action from the CAVN! We encourage everyone on the veterinary healthcare team to develop their nutrition assessment skills – your clients will thank you and their pets will directly benefit from your advice.
